About Agrikarm

Agrikarm, a prominent name in agricultural machinery, has risen as a trailblazer in the agricultural machinery industry, driven by an unwavering commitment to revolutionise farming practices. Founded by the visionary agriculturist, Mr. Rajesh Jadav, Agrikarm stands as an emblem of agricultural expertise deeply rooted in India's rich farming heritage.

The nomenclature 'Agrikarm' carries substantial significance. Derived from the Hindi words "agri" (signifying agriculture) and "karm" (representing action), it succinctly encapsulates our unwavering dedication to instigate transformative change within the agricultural domain. With over 15 years of hands-on experience, Mr. Rajesh, our founder, is not merely a figurehead but an embodiment of this commitment. His profound knowledge, coupled with our unwavering pursuit of excellence, has firmly established Agrikarm as the foremost choice in agricultural machinery.

At Agrikarm, we do not merely engage in equipment manufacturing; we specialise in engineering solutions that empower farmers to achieve enhanced productivity with optimised resource utilisation. Our approach harmoniously merges time-honoured agricultural practices with cutting-edge technological advancements to cultivate a sustainable and prosperous future for the agriculture sector.

Our steadfast dedication to innovation, unwavering commitment to quality, and the prioritisation of farmer-centric solutions are the cornerstones of our success. We recognize and appreciate the multifaceted challenges encountered by farmers and are steadfast in our commitment to providing them with the tools requisite for thriving in an ever-evolving agricultural landscape.

We cordially invite you to partake in our journey, as we collectively endeavour to cultivate a future where agriculture transcends its traditional confines, emerging as a legacy of excellence. Agrikarm – Bridging Tradition and Innovation to Revolutionise Agriculture for a Sustainable Future.

Why Choose Us

Experience

Agricultural Excellence

Elevate your farming journey with Agrikarm. We're not just innovators; we're revolutionaries. Our cutting-edge technology and commitment to top-tier quality empower you to lead in agriculture. Safety is paramount, with advanced features safeguarding your peace of mind. Sustainability is our creed, as we strive to minimise your environmental footprint. Our farmer-centric solutions are designed to meet your unique needs. Choose Agrikarm, where innovation, quality, and sustainability converge to shape a greener, more efficient, and prosperous tomorrow in agriculture.

- Innovative Technology
- Unparalleled Quality
- Safety Assurance
- Sustainability Focus
- Tailored Farmer-Centric Solutions
- Expert Industry Insight

Managing Director & Founder

**Mr. Rajesh
Jadav**

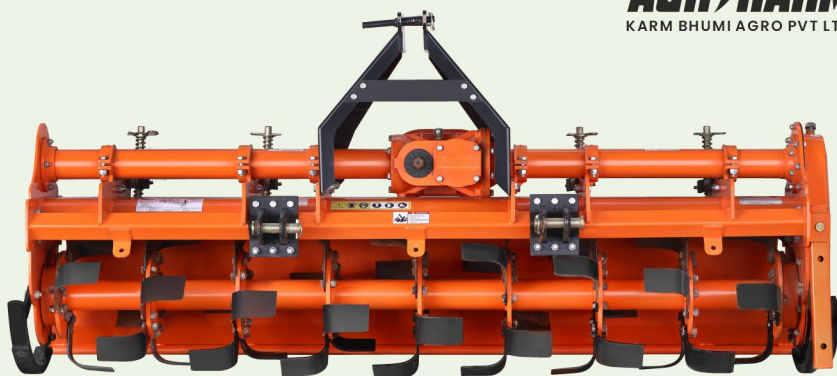

With a long and dedicated work experience, Rajesh Jadav is the visionary founder and marketing head of our company. His unwavering commitment and expansive visions drive the strategic direction and growth of our organization.

Dedicated to Values

PREMIUM ROTAVATOR

Agrikarm Agro's Premium Series Rotary Tiller is the "Pro's" choice for all scales, sizes and soil kinds. It is the Giant monster that has it all and does it all. The smartest and the most indigenous developments among all, Platinum Series is solely for heavy-duty applications. With deeper tillage and smoother chopping, this series ensures cleaner farming and efficient residue channelization. Its power transmissions allow for it to have mitigated fuel consumptions and higher strength.

PREMIUM SERIES - HIGHLIGHTS

- All Soils Compatible
- Wider Rang of Sizes for easy customization
- Deeper Tillage
- Smoother Residue disposal system
- Advanced power transmissions for lesser fuel consumption

Basic Specification

PLATINUM MODEL	4 Foot	5 Foot	5.5 Foot	6 Foot	7 Foot	
Overall Specification						
Length	1460	1764	1917	2070	2375	2680
Width	1097	1097	1097	1097	1097	1097
Height	1097	1097	1097	1097	1097	1097
Weight	445	480	510	515	565	609
Tilling Specification						
Tilling Length	1171	1476	1628	1781	2086	2391
Tractor Power	30-40	35-40	40-45	45-50	50-60	60-65
No. of Blades	30	36	42	42	48	54
Tilling Depth	-	6.5 Inch (165mm)				
Transmission Type	-	Gear Drive				
Blade Type	-	C-Type, L-Type				

STANDARD ROTAVATOR

Agrikarm Agro's Silver Series Rotary Tiller is specifically designed for partially wet and moist lands and for soils of light or medium category. Its sturdy built and lighter weight makes it most appropriate solution for paddy farming. It has been engineered to extreme precision by high-tech innovation teams and advanced machineries.

STANDARS SERIES - HIGHLIGHTS

- Light Weight
- Strong Built
- Specialized for moist and wet lands
- Suited for Paddy Farming

Basic Specification

SILVER MODEL	5 Foot	5.5 Foot	6 Foot	7 Foot
Overall Specification				
Length	1765	1917	2070	2375
Width	1097	1097	1097	1097
Height	1097	1097	1097	1097
Weight	421	445	465	495
Tilling Specification				
Tilling Length	1476	1628	1781	2086
Tractor Power	35-40	35-45	40-45	45-50
No. of Blades	36	42	42	48
Tilling Depth	5 Inch (127mm)			
Transmission Type	Gear Drive			
Blade Type	C-Type, L-Type			

SMALL ROTAVATOR

Agrikarm Agro's Orchard Series is the smallest tiller among all, specially designed for small to medium scale operations. Its strength and powerful engine allows for outstanding performance for its size and range. Ideally suited for heavy duty application on smaller scale, the Orchard Series allows for effective chopping and smarter residue disposal channels.

PREMIUM SERIES - HIGHLIGHTS

- Small and sleek design
- Ideal for small to medium scale operations
- Best performance engines in its range
- Multi speed gearbox enabled
- Extreme precision in residue disposal

Basic Specification

ORCHARD MODEL	3.0 Foot	3.5 Foot	4.0 Foot
Overall Specification			
Length	1155	1306	1306
Width	968	968	968
Height	968	968	968
Weight	280	307	350
Tilling Specification			
Tilling Length	862	1015	1217
Tractor Power	18-30	25-30	25-30
No. of Blades	16/24	20/24	24/30
Tilling Depth	5 Inch (127mm)		
Transmission Type	Gear Drive		
Blade Type	C-Type, L-Type		

BASIC ROTAVATOR

Agrikarm Agro's Basic Series Rotary Tiller is specifically designed for partially wet and moist lands and for soils of light or medium category. Its sturdy built and lighter weight makes it most appropriate solution for paddy farming. It has been engineered to extreme precision by high-tech innovation teams and advanced machineries.

BASIC SERIES - HIGHLIGHTS

- Light weight
- Strong built
- Specialized for moist and wet lands
- Suited for paddy farming

Basic Specification

BASIC MODEL	3.0 Foot	3.5 Foot	4.0 Foot
Overall Specification			
Length	1105	1258	1411
Width	898	898	898
Height	900	900	900
Weight	220	237	255
Tilling Specification			
Tilling Length	900	1056	1206
Tractor Power	18-20	20-25	25-30
No. of Blades	16/24	20	24/30
Tilling Depth	4.2 Inch (107mm)		
Transmission Type	Gear Drive		
Blade Type	C-Type, L-Type		

REVERSE FORWARD

Agrikarm Agro's Hill King Series is a specialty reverse-forward dual functionality tiller. It is specifically designed for compact and smallest of tractors ranging from 15 Hp to 30Hp. It is particularly used for seed-bed preparations, gardening and horticulture. Its multifunction rotary tiller is enabled with chain-drive mechanism that allows optimal performance in both forward and reverse side applications. Its universal attachment system makes it more versatile in application.

REVERSE FORWARD SERIES - HIGHLIGHTS

- Reverse-Forward Functionality
- Specially designed for small tractors
- Ideal for seed-bed preparation, gardening and horticulture
- Advanced chain-drive mechanism enabled
- Universal attachment for higher compatibility and versatile usage

Basic Specification

REVERSE FORWARD MODEL	2.5 Foot	3.0 Foot	3.5 Foot	4.0 Foot
Overall Specification				
Length	1168	1320	1473	1625
Width	942	942	942	942
Height	1031	1031	1031	1031
Weight	177	192	205	213
Tilling Specification				
Tilling Length	543	720	847	995
Tractor Power	Dec-20	15-25	15-25	25-30
No. of Blades	18	24	30	36
Tilling Depth	3 Inch (75mm)			
High Tog Hill	7 Inch (177mm)			
Transmission Type	Chain Drive			
Blade Type	J-Type			

PLOUGH

Agrikarm Agro's Plough is a reversible four-share plough with 180 degree rotational bodies. It is mounted on the tractor's three-point hitch (IS: 4468-1997) via headstock. Operational in "In-Furrow" and "Out-Furrow" configurations through specially designed hydraulic system. The specially designed frame structure allows for enhanced balancing while avoiding excess exertions on the tractor.

PLOUGH SERIES - HIGHLIGHTS

- Reverse four - share plough
- 180 degree rotational bodies
- In-Furrow and Out-Furrow configurations
- Enhanced balancing for lesser stress on tractor

Basic Specification

PLOUGH MODEL	PLOUGH-9	PLOUGH-10	PLOUGH-12	PLOUGH-14	PLOUGH-16
No Furrow	Two	Two	Two	Two	Two
Frame	125x20mm Flate And 80mm Round		125x20mm Flate And 100mm Round		
Tyne Thickness	25	25	30	35	35
Working Depth (Inch)	8 to 14				
Working Width (Inch)	18	18	20	24	28
Height (mm)	1220	1220	1220	1220	1220
Length (mm)	1730	1730	1730	1730	1730
Width (mm)	1060	1060	1060	1060	1060
Weight (mm)	350	430	430	457	457
Operating System	Hydraulic Jack				
Power Req. (hp)	30 to 35	40 to 45	45 to 50	50 to 65+	51 to 65+

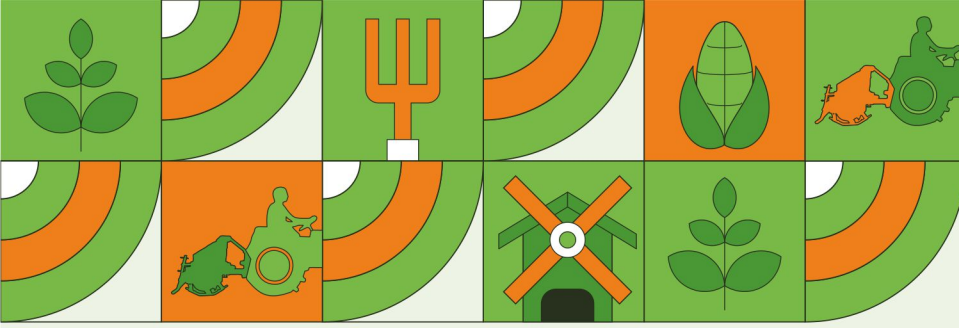

MOBILE SHREDDAR

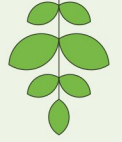

Agrikarm mobile shredder is a tractor operated center drive Agricultural equipment for cutting and shredding crop stalk to clear the field rapidly for next crop. Most prominent suitable for row crop such as Cotton, Maize, Castor, Chili and other similar crop. Machine can be operated by any 30 and above HP tractor with three point linkage (Category-II) and power by P.T.O. out of with 540 RPM through drive shaft.

Basic Specification

MOBILE SHREDDAR MODEL	
Overall Specification	
Mobile Shreddar	Mobile - M9
Number of Row	1
Length (mm)	1525
Height (mm)	1505
Width (mm)	1115
Weight (mm)	560
Tyre (mm)	2 - (273x80) Metal Wheel
Disc Cutter	2
Shredding Knife	6
Chopping Length (mm)	25-130
P.T.O. (RPM)	540
Power Req. (H.P)	30-50
